County Departments, FY2008 - 2009 through FY2021 - 2022**

---

## EXECUTIVE SUMMARY

On February 21, 2022, the Commissioners Court's Analyst's Office ("Analyst's Office") received a request from Precinct Two for a report "detailing the budget allocations, budget spent, and rollover monies for the following departments from FY 2009 through FY 2022." The departments include all Harris County Constables with the Harris County District Attorney's Office and Harris County Pretrial Services.

Key findings from this analysis include:

- The adopted annual department budgets grew from 60.3% to 148.9% from FY2008 - 2009 to FY2021 - 2022. The Harris County total annual General Fund grew 106% over the same period.
- With the exception of the District Attorney's Office annual budget, which decreased as a proportion of the County General Fund from FY2011 - 2012 to FY2017 - 2018, select department budgets have remained stable as a proportion of the County's General Fund.

The Analyst's Office acknowledges the Harris County Office of Management and Budget and the Harris County Auditor's Office for their significant contributions to this memo.

## INTRODUCTION

---

On February 21, 2022, the Commissioners Court's Analyst's Office (the "Analyst's Office") received a request from Precinct Two for a report "detailing the budget allocations, budget spent, and rollover monies for the following departments from FY 2009 through FY 2022."

The departments are: Harris County Constable Precinct 1, Harris County Constable Precinct 2, Harris County Constable Precinct 3, Harris County Constable Precinct 4, Harris County Constable Precinct 5, Harris County Constable Precinct 6, Harris County Constable Precinct 7, Harris County Constable Precinct 8, Harris County District Attorney, and Harris County Pretrial Services.

This memo reports annual adopted budgets with rollover funds and annual expenditures for the select departments for each fiscal year requested. This memo also reports Harris County's total adopted General Fund for each fiscal year requested as well as the adopted budgets of the select departments as a proportion of the County General Fund for each fiscal year to contextualize growth.

## METHODOLOGY

---

The Analyst's Office utilized data provided by the Harris County Office of Management and Budget as well as the Harris County Auditor's Office for this analysis.<sup>1</sup>

**Adopted Annual Budget:** This report features the adopted budgets for the departments reviewed. This budget amount is the total approved by Commissioners Court for the given fiscal year and does not include additional revenue brought in by the department which may augment the adopted budget total (for example, this excludes a new contract for a constable for services to a school district approved during the fiscal year in question). Because of this, expenditures may appear to exceed the adopted budget, but the exceedance may be covered by additional revenue.

**Approved Rollover Funds:** Harris County Office of Management and Budget reports that the County's policy of allowing individual departments to rollover unspent funds accrued in the previous fiscal year was implemented during FY2012 - 2013 and posted for the first time in FY2013 - 2014. This policy was reversed in spring 2021.<sup>2</sup>

**Actual and Projected Expenditures:** Harris County Auditor's Office reports expenditures by department in the County's Monthly Financial Reports. For each fiscal year reviewed, the February Monthly Financial Report is the last Monthly Financial Report for the fiscal year with the exception of FY 2021 - 2022. For FY 2021 - 2022, the December Monthly Financial Report was the last report available at the time of this analysis, and projected expenditures were calculated for the two months remaining in the fiscal year assuming a similar rate of expenditure as the preceding ten months. The expenditures reported from the Monthly Financial Reports are unaudited and unadjusted, and the County Auditor's Office reports that balances may change in the months following the conclusion of the fiscal year.<sup>3</sup>

## HARRIS COUNTY DEPARTMENT BUDGETS AS PROPORTION OF COUNTY GENERAL FUND

With the exception of the District Attorney's Office annual budget, which decreased as a proportion of the County General Fund from FY2011 - 2012 to FY2017 - 2018, the analysis demonstrates select department budgets have remained relatively stable as a proportion of the County's General Fund.
